

A Guide to HP Handheld Calculators and Computers

W.A.C. Mier-Jedrzejowicz, Ph.D.

Second Edition, Revised and Updated

A Guide to HP Handheld Calculators and Computers

Collectors, and anyone interested in Hewlett-Packard handhelds, will find this a useful and fascinating guide. Starting with the HP-35, all calculators, computers and the HP-01 watch, are listed and described. A set of colour photographs complements the text and underlines developments from the early models to the present range.
