

THE ZX81 COMPANION

Bob Maunder

LINSAC

If you have a Sinclair ZX81 and want to use it to its full potential then, as the experts have all agreed, this is the book for you. It contains detailed guidelines and documented programs in the areas of gaming, information retrieval and education, as well as a unique listing of the 8K ROM for machine code applications.

'Far and away the best . . . once again Linsac has produced the book for the serious end of the market'. – *Your Computer*, November 1981.

'The ZX81 Companion is a most professional product . . . with many good illustrative programs, tips and warnings'. – *Education Equipment*, October 1981.

'Bob Maunder's attempt to show meaningful uses of the machine is brilliantly successful . . . thoughtfully written, detailed and illustrated with meaningful programs . . . To conclude – the book is definitely an outstandingly useful second step for the ZX81 user'. – *Educational ZX80/81 Users' Group Newsletter*, September 1981.

Bob Maunder has been involved in the ZX series of microcomputers since he acquired the first ZX80 kit in March 1980, and he is co-author of Linsac's *'The ZX80 Companion'*. He holds a MSc in Computer Science from Birmingham University and is Head of Computing at Hartlepool College, where he pioneered the use of the ZX80 in education.
