

LIMITED WARRANTY

For a period of 90 days from the date of delivery, Radio Shack warrants to the original purchaser that the computer hardware described herein shall be free from defects in material and workmanship under normal use and service. This warranty is only applicable to purchases from Radio Shack company-owned retail outlets and through duly authorized franchisees and dealers. The warranty shall be void if this unit's case or cabinet is opened or if the unit is altered or modified. During this period, if a defect should occur, the product must be returned to a Radio Shack store or dealer for repair, and proof of purchase must be presented. Purchaser's sole and exclusive remedy in the event of defect is expressly limited to the correction of the defect by adjustment, repair or replacement at Radio Shack's election and sole expense, except there shall be no obligation to replace or repair items which by their nature are expendable. No representation or other affirmation of fact, including, but not limited to, statements regarding capacity, suitability for use, or performance of the equipment, shall be or be deemed to be a warranty or representation by Radio Shack, for any purpose, nor give rise to any liability or obligation of Radio Shack whatsoever.

EXCEPT AS SPECIFICALLY PROVIDED IN THIS AGREEMENT, THERE ARE NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE AND IN NO EVENT SHALL RADIO SHACK BE LIABLE FOR LOSS OF PROFITS OR BENEFITS, INDIRECT, SPECIAL, CONSEQUENTIAL OR OTHER SIMILAR DAMAGES ARISING OUT OF ANY BREACH OF THIS WARRANTY OR OTHERWISE.

Cassette Interface for TRS-80 Pocket Computer

Catalog Number 26-3503

This Cassette Interface is designed to be used exclusively with Radio Shack's TRS-80 Pocket Computer. You'll also need a Cassette Recorder such as our CTR-80A (26-1206). With this Cassette Interface and a Cassette Recorder you can record programs and data onto magnetic tape -- ready for later recall and use.

The Cassette Interface requires three type AA penlite cells for power. Remove the battery compartment cover from the bottom of the unit. Load three type AA batteries as illustrated (be careful to observe correct polarity). Replace the battery compartment cover.

For best results, we urge you to use only the heavy-duty type of batteries, such as Radio Shack's 23-582 or 23-552.

These will insure peak power over a longer life and are less likely to cause any damage with leaking chemicals if you should leave them in after they become weak. **Never leave weak or dead batteries in any battery-operated device. Never leave batteries in a battery-operated device if you don't intend to use it for a few weeks (or more).**

For connection and operation, refer to the TRS-80 Pocket Computer Manual.

Specifications

Power:	Three type "AA" batteries (4.5V, DC: 40mA (Max.))
Dimensions:	212(W) x 91(D) x 23(H) mm 8-11/32"(W) x 3-19/32"(D) x 29/32"(H)
Weight:	240g (0.53 lbs.) (with batteries)

HOW TO RE-ORDER ACCESSORIES

When you want to re-order the following accessories for CE-150, please contact the dealer where you purchased the CE-150 or the nearest Sharp National Parts Center of which addresses are shown below:

Re-order No.

EA-1500P Roll paper 5 rolls in pack

EA-850B Ball point pen 4 black in tube

EA-850C Ball point pen 4 colors in tube
