# Hewlett-Packard Users' Club - Europe

## Member Rules and Regulations.

In order to maintain the high level of quality and service that the Users' Club offers, we would be obliged if you would take note of the following rules and regulations of the Club.

1. The Users' Club is an English language only organization. All correspondence between members of the club and the Club must be in English.
2. The Users' Club exists to offer a library of programs that have been written by fellow 67/97 users. In order to maintain the quality – both physical and technical – the following guidelines must be adhered to when submitting programs.
  - All submittals must be on original submittal forms.
  - All submittals must be in English.
  - Submittals must be hand written in black ink or typed.
  - No special symbols must appear in the "Abstracts" section.
  - In the case of HP-97 programs, it is preferred to have the actual program listing attached.
  - Where possible the program should be recorded on a magnetic card(s) and attached to the Submittal form. (This card will be returned to the user.)

### Upon acceptance

When a program is accepted, the writer will be sent either, 2 programs chosen by him from the library or 1 program and 10 blank magnetic cards in appreciation of his work.

*The Club's staff reviews all submittals, checking for duplicate entries, duplication of existing programs from HP Application Pacs, clear and complete documentation in English, legibility, and ability to perform sample problem(s). Inasmuch as your fellow HP-67/97 owners expect a significant program for their money, we reserve the right to reject programs which do not represent a significant addition to other users. If a program is not accepted, the complete submittal package is returned with a letter of explanation. If accepted, we notify you by letter and give you the assigned program number. At this time, you will also receive the complimentary option you have selected.*

3. Programs from the library should be ordered under the following conditions:
  - All orders must be on the official order form.
  - Minimum acceptable order is 4 programs.
  - All orders for less than 10 programs must be accompanied by payment by cheque for the relevant amount.

Effective 1st Aug. 77.

Dear Member,

Please find enclosed all the documentation concerning the HP-67/97 USERS' CLUB.

In order to maintain the highest possible quality of service to you and your fellow members, I would ask you to read attentively the following library conditions :

1. General

All correspondence, whether submittal, order or letter, must be in English.

2. Program submittals

- will be accepted only if written clearly in black ink, or preferably typed on original submittal forms (not photocopies)
- no special symbols (mathematical or otherwise) should appear in the program abstract section.

3. Program orders

- program order numbers should be written in the correct numerical sequence on the order form
- if you require an invoice, please return the whole "PROGRAM ORDER-FORM/ INVOICE". It will be completed by us and returned to you as an invoice.

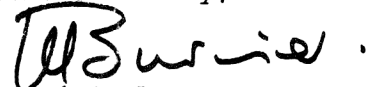

4. Settlement

- when settling payment, do not forget to mention your invoice number
- French and Spanish residents are not allowed, due to currency regulations, to pay by cheque. They will be invoiced automatically and must then pay by bank transfer.

These conditions will make life easier for all of us and will greatly increase the efficiency of the club.

We look forward to your active participation whilst at the same time thanking you for your understanding.

Yours sincerely,

USERS' CLUB

Mireille Burnier

Dear Member,

We are sure that you will be happy to find enclosed the first European Update to the Users Library Catalogue. 218 new programs to help you in your work, at home, or at play !

But the update is not the only enclosure. You will remember that we are continuously trying to improve the services the Club offers - and this to the benefit of all.

With this in mind, the Club rules and regulations have been studied and modified and now appear on a separate card. Notable changes are in the area of ordering and payment, so please make a note of the new procedure before ordering from the updated catalogue.

We are confident that you will find the new rules and procedures easy to handle, but should you feel that they could be improved, please write to us (in English !) and let us know.

We are here to give you the best possible service. Help us to help yourself.

Yours sincerely

USERS' CLUB

  
Gérald Combes

P.S. Did you know there are 40 new Users Solution books covering 40 application areas now available from HP ? Call your nearest HP Sales Office for further details.

Dear Member,

We have the pleasure in sending you the second update to the original HP-67/97 program catalogue which contains more than 400 newly contributed programs.

The enclosed brief questionnaire focusses attention on a new additional, after sales service that Hewlett-Packard could offer to its customers. A few minutes of your time taken to complete the form will help us determine if and how this new service should be implemented.

We are sure that you will be happy to find also enclosed the last issue of Key-Notes.

We thank you in advance for your participation.

Yours sincerely,  
Users'Club - Europe.

Gérald Combes

Encl.

Dear Member,

We are pleased to enclose the latest Key-Notes edition Vol 2 No 1, with our apologies for its rather late arrival. Also you will find enclosed the April 78 catalogue Update, which contains 547 new programs.

At the beginning of March 1978, all Users'Club members have received their BLUE MEMBER CARDS. If you are a member and did not receive your blue member card, please contact the European Users'Club in Geneva.

Each author who has written more than five programs should have received his GOLD USERS'CLUB EUROPE MEMBER CARD. If you are the author of more than five programs and did not receive your gold card, please write to the Users'Club Europe in Geneva mentioning the number of each program you wrote.

IMPORTANT !

In order to facilitate the communication between you and the Users'Club, we would be obliged if you would quote your blue - or gold - card number on all correspondence.

If you have any questions concerning the Club, please do not hesitate to write, either to Miss Rose-Marie Rey Users'Club secretary, or myself.

Yours sincerely,

Gérald COMBES  
USERS' CLUB EUROPE

The "Users' Library" is happy to announce two major innovations which you probably have been waiting for ...

- \* At last, the European Users' Library is becoming multilingual, meaning that you can now submit programs in your preferred language.
- \* At the same time, the UPLE will start to offer recorded magnetic cards, in addition to the familiar program descriptions.

A new multilingual catalog is presently being created which will include the most popular programs of the current catalog plus all new programs contributed from now on, grouped by language. These programs, including magnetic cards, will cost 10 Swiss Francs each.

The programs of the present "Standard" catalog will continue to be available for 8 Swiss Francs each, however without magnetic cards and in English only.

We encourage all of you to submit from now on your programs in your preferred language. We shall reward those submittals with a choice of 4 programs (or coupons) as indicated on the enclosed form. Additional submittal forms may be requested using the attached order coupons.

Happy programming

The Hewlett-Packard  
Users' Program Library Europe (UPLE)

Die Users' Library freut sich Ihnen zwei grosse Neuigkeiten mitteilen zu können, auf die Sie schon lange warteten ...

- \* Die "Users' Program Library Europe" wird vielsprachig, d.h. dass Sie von nun ab Ihre Programme in Ihrer bevorzugten Sprache dokumentieren können.
- \* Gleichzeitig bietet die UPLE auf Magnetkarten gespeicherte Programme, zusätzlich zu den gewohnten Programmbeschreibungen.

Ein neuer, separater "Multilingual" Programmkatalog ist im Entstehen, welcher die meistgefragten Programme der existierenden Bibliothek sowie alle von nun an eingesandten Programme enthalten wird, und zwar zusammengefasst nach Sprache. Diese Programme, einschliesslich Magnetkarten, kosten jeweils 10 Schweizer Franken.

Natürlich sind alle anderen Programme des "Standard"-Katalogs weiterhin für 8 Schweizer Franken erhältlich, jedoch ohne Magnetkarten und nur mit englischen Beschreibungen.

Bitte schicken Sie ab sofort alle Programmbeiträge in der Sprache Ihrer Wahl. Auch Programme, für die Sie bislang die Übersetzung gescheut haben, sind jetzt hochwillkommen. Beiträge werden mit 4 Auswahlprogrammen belohnt wie aus dem beiliegenden "Submittal Form" hervorgeht. Zusätzliche Formblätter können per Bestellcoupon angefordert werden.

Viel Spass beim Programmieren

Ihre Hewlett-Packard  
Users' Program Library Europe (UPLE)

MEMBERSHIP NO 004444 DEL REF CODE A

Dear Member,

Unfortunately your one year subscription to the HP-67/HP-97 Users'Club Europe has expired.

We thank you for your interest you have shown in the Club and hope you will continue membership. It is easy. Rather than paying a renewal fee, simply place an order of four programs with the coupon provided below. Your subscription will automatically be extended for another year and you will continue receiving information pertaining to the HP-67 or HP-97 and product development.

Welcome again.

Sincerely,

Gérald Combes  
Users'Club Europe
